| COURSE INFORMATION | | | | | | | | | |
| <p>This course was designed for swimmers who have already completed the six swim lesson levels. Participants must be able to swim 25 to 50 meters and tread water for one minute. If they are unable to complete the requirements, they will be moved down to the appropriate swim level.</p> <p>This course is not a swim lesson. Participants should already know how to swim before taking the course, as they will be learning how to keep themselves and others safe in the water, as well as how to safely react to potentially dangerous situations that they may come across in the water. The class will not be in the water all the time and may move around to various locations in the park. Parents and participants should prepare accordingly.</p> | | | | | | | | | |
| PAYMENT INFORMATION | | | | | | | | | |
