

# 2020 SWIM SCHOOL

## Skill Level Overview

Welcome to the 2020 Roaring Springs Swim School! Here are a few things to keep in mind as you sign your child up for swim school:

- Your child will learn what is posted below in each level during the session
- Your child must be able to perform all skills taught in the level below before enrolled level
- If your child is unable to perform the skills necessary for the enrolled level, they will be moved down to an appropriate level.
- There is a natural progression to the levels. All skills and techniques learned are minor parts of the 5 strokes and diving taught at Roaring Springs Swim School. \*see level 5 for strokes/skills\*
